Emergency Disaster Relief Information Related to Statewide Emergency Due to Fires, Extreme Weather Conditions

In response to an emergency proclamation issued on August 18, 2020, by Governor Newsom, regarding the fires burning across California, the CDE, ELCD is sending this notice to all ELCD Contracting Agencies.

On August 18, 2020, Governor Newsom declared a statewide emergency to help ensure the availability of critical resources to address the fires occurring across the state.

The CDE, ELCD recognizes the impact to communities caused by the fires and the resulting, often long-term, emergency conditions. Some natural events may have rendered centers, family child care homes, and license-exempt providers unable to offer services, while other events may have increased the number of families experiencing homelessness.

The CDE, ELCD is offering some information that may be helpful in responding to local disasters, as well as for local agency recovery efforts in continuing to serve California's child care needs.

Reimbursement for Reduced Days of Operation

In the next few weeks, the CDE, ELCD will send specific guidance related to reimbursement for ELC programs who have closed due to non COVID-19 related emergencies.

Please contact your assigned ELCD, Program Quality Implementation Office Regional Consultant as soon as possible if your agency was impacted by the fires or if you have any questions regarding this announcement. A list of consultants can be found on the *ELCD Consultant Regional Assignments* web page at <https://www.cde.ca.gov/sp/cd/ci/assignments.asp>, or by phone at 916-322-6233.
