*It Takes a Village:
Make Every Connection Count!*

Virtual Joint Annual Conference
OCTOBER 6 & 7, 2021

2021 Conference

Our goal is to continue to ensure the safety of our members and attendees. To do this, we have once again decided that this year we will move forward with a virtual conference. We will certainly miss being able to come together in-person to share and gain information and to meet and connect with colleagues and workshop presenters. We want to once again create a conference event that meets as many of our members' needs as possible given the parameters that virtual conferences/workshops have. We know how important it is for our community to stay connected, stand united, and continue to meet this challenge together.

While we won't be able to meet in-person, what we hope to offer in a thoughtful, user-friendly manner, are keynote presentations, workshops, networking opportunities, and connection time with vendors. With no travel and flexibility, we look forward to new opportunities for R&R Network and CAPPA members from across the state, as well as state partners, joining us as we collectively support our children, families and communities.

Virtual Conference Details

The format will be very similar to 2020. Workshops will be both live and on-demand, with some speakers available for live discussion during their scheduled presentation time. The Virtual Exhibit Hall will run the full conference with links to company videos, materials on the platform, and live chat and meeting opportunities. We will also be incorporating more networking opportunities to connect you with your peers. Post conference, workshop sessions will be recorded and available for viewing for one whole month, instead of the two weeks we had in 2020. This will provide additional learning opportunities for conferees following the conference dates.

Registration Fees

Conference registration fees for members will begin at $275 per person if 5 or more staff from one agency attend or $299 per person. Conference registration includes access to 3 keynote sessions, over 60 workshops, opportunities to virtually network with colleagues from around the state and connect with exhibitors.

We hope you can join us virtually!
