

SAVE THE DATE!

KIDS ARE TAKING OVER CALIFORNIA THIS SPRING!

Do you hear that noise? It's the sound of thousands of kids voices raising up and taking over Sacramento this Spring! Advocacy groups from across California are bringing the voices of kids and families to the Capitol this April and May, urging decision makers to put kids front and center during policy and budget decisions. Please join us in Sacramento for any of these great opportunities, and we urge you to use the hashtag #SpringForKids for any related social media.
