

Lifting Up Families Hybrid Advocacy Day

January 24, 2024

Come advocate with us on policies that support child care, ending child poverty and feeding our children.

Sponsorship Opportunities

On January 24, 2024, we're coming together to support informing and educating new and returning legislators regarding the capacity each district has to supporting the needs of fragile and working families. We have identified the importance of coming together to support multiple needs of families that must be met in order to help them be successful. For instance, struggling families cannot just be supported with a guaranteed income or housing but not have meaningful access to child care. This is a day to support members with a basic level of information and data on organizations and services that currently exist to support families. It is not a day to focus on a specific bill or issue but rather opportunities needed to lift families up. If you are interested in sponsoring our advocacy day, we welcome your tax deductible donation. Your donation will go to support the development of legislative packets for all 120 State Legislators, hosting of all of the materials for the next year, lunch for the in-person meeting attendees and recognition on materials and in the Monday Morning Newsletter. Thank you!

Event Location

January 24, 2024

in-person and online
