

CHILD CARE RESOURCE CONNECTION

Child Care Resource Connection (CCRC) works to increase access to quality child care and education in San Luis Obispo County and neighboring counties through the following services for families and child care providers:

SERVICES

- **Child Care Connections:** We connect families with licensed child care centers, licensed family child care homes, and after-school programs in San Luis Obispo County.
- **Child Care Payments Assistance:** The Child Care Resource Connection (CCRC) provides vouchers for eligible low-income families to obtain care in licensed child care centers, licensed family child care homes, or license exempt care. The family will choose the type of care that their child receives and CRCC makes a payment for those services directly to the child care provider.
- **Toy Lending Library:** We offer a toy lending library with materials selected and loaned to enrich children's experiences, providing unique and varied learning opportunities.
- **Child Care Capacity Building and Quality Improvement** - CRCC assists with child care licensing and provides training, coaching and technical assistance for child care quality improvement.

What are the eligibility requirements?

CRCC follows state eligibility requirements for assistance with child care payments. No eligibility requirements or fees for other CCRC programs or services.

Frequently Asked Questions (FAQ)
