

**CUTS TO CHILD CARE IN CALIFORNIA
KILLS JOBS!**

I VOTE AND MY VOICE MATTERS!

Preserve child care and development funds. Children's most important learning happens from age 0-5. Child development programs prepare our children for school and success in life.

Child care is for all working families. If our economy is to improve, parents need to work and children need high-quality care.

Support business and California's economy.

DON'T CUT CHILD CARE!
